Conformance and interoperability (C&I) events are demanding to organize, and this event would not have been possible were it not for the support we have from APT. This week is the second Joint APT/ITU Conformance and Interoperability Event, the first held last year in conjunction with the 22nd APT Standardization Program (ASTAP-22) in September, and it is the first time we have added a workshop to the interoperability testing and showcasing.

2nd APT/ITU Conformance and Interoperability Event

The 2nd joint APT/ITU event will foster understanding of ITU and APT members on C&I issues and promote C&I related activities of ITU and APT in the APT region, and contribute to capability building and solution for interoperability issues of APT member countries. It is also expected that the event would generate feedback to the ITU Study Groups for further study.
