Blood And Soil A World

Blood and soil is a nationalist slogan expressing Nazi Germany's ideal of a "racially" defined national body united with a settlement area. By it, rural and farm life forms are idealized as a counterweight to urban ones. It is tied to the contemporaneous German concept of Lebensraum, the belief that the German people were to expand into Eastern Europe, conquering and displacing the native Slavic and Baltic population via Generalplan Ost. "Blood and soil" was a key slogan of Nazi ...

"Blood and Soil is a stunning achievement. The idea for the project was clearly a prompting of the heart, but the argument itself is a thing of pure intellect. It surveys thousands of years, visits every corner of the world, and stares with scarcely a blink at the worst horrors the world has ever known.

Blood And Soil A World History Of Genocide Extermination ...

Blood and Soil ('Blut und Boden') was a very important philosophy for Nazi Germany. The issue of 'blood and soil' nearly split the Nazi Party after 1925 and was only resolved at the Bamberg Conference of 1926. One side of the Nazi Party wanted to emphasise the relationship between true Aryans and a rural life. ...

In Blood and Soil, Ben Kiernan has written a very comprehensive and thorough history of genocide which examines many of the less well reported exterminations as well as the more famous ones. He attempts to find recurring causes of genocide and identifies four ideological features - antiquity, agrarianism, racism, and expansionism - which have motivated most perpetrators.

Blood and Soil: A World History of Genocide and ...

A major contribution of Blood and Soil is that it encourages the reader to think about genocide over a much greater historical and geographical span than is usual in comparative works. Kiernan's structure for comparison suggests that, from the fifteenth to the twenty-first century, genocides usually have exhibited four characteristics.
