You don't use "/disk", you use the direction in which the drive is attached. If you want to label a floppy inserted into a drive on the left side of the computer with the name "foobar", use "label left foobar". #3 TheTalon

How Do I Label A Floppy? - ComputerCraft | Programmable ...

The easiest way to label a CD-R is to whip out that permanent marker and write directly on the disc. It's also a great way to assure that the disc won't be readable later on. The damage won't happen today, or even next month, but at some point the ink will leach into the reflective layer of the disc and it'll be the end of your data.

Using permanent ink markers on CDs & DVDs

Hello, I am a new user to LibreOffice, and I'm finding my current quest to be a challenge. I am needing to design a form in Base (or any combination of software within LO if that be the case) to display and print CD labels that use a database which contains over 3000 records (not the spinning kind that makes sound). My database is about 15 years worth of sermons for my church, and it is used ...
