Harriet Quimby was the first woman to earn a pilot license in the United States, in August 1911. A journalist and screenwriter, she became a minor celebrity and was extremely influential to other women in the early days of aviation. Her flying career, although brief, was highlighted by a crossing of the English Channel, the first woman to do so.

For achievements exclusively of women, see Women in aviation. Aviation pioneers are people directly and indirectly responsible for the advancement of flight, including people who worked to achieve manned flight before the invention of aircraft, as well as others who achieved significant "firsts" in aviation after heavier-than-air flight became routine.
