An Imperial Affliction - Kora

The British Empire comprised the dominions, colonies, protectorates, mandates, and other territories ruled or administered by the United Kingdom and its predecessor states. It originated with the overseas possessions and trading posts established by England between the late 16th and early 18th centuries. At its height, it was the largest empire in history and, for over a century, was the ...

An Imperial Affliction

In the mid 18th century, British expansion in the Indian subcontinent began in an earnest, initially in rivalry with the French. Over the next century, huge swaths of Indian territory were to come under British control. India was to assume a new importance to Britain, economically, strategically, and militarily.

From the other side, British alliance with Hanover and the British merchant marine were threats to France's vital interests. There had often been such European conflicts between the two monarchies. In the 18th century, however, the control of colonies and imperial trade became extremely important bones of contention.
