The Nation-State and Violence (Contemporary Critique of ...

Nations, States, and Violence presents a revisionist view of the sources of nationalism, the relationship of the nation to culture, and the implications of nationalism and cultural heterogeneity for the future of the nation-state. It accepts the now-standard view that national identities are not inherited traits but constructed communities in order to serve political ends.

The Nation-State and Violence ()

A nation state is a state in which a great majority shares the same culture and is conscious of it. The nation state is an ideal in which cultural boundaries match up with political boundaries. According to one definition, "a nation state is a sovereign state of which most of its subjects are united also by factors which defined a nation such as language or common descent."
